

> How to place an order online

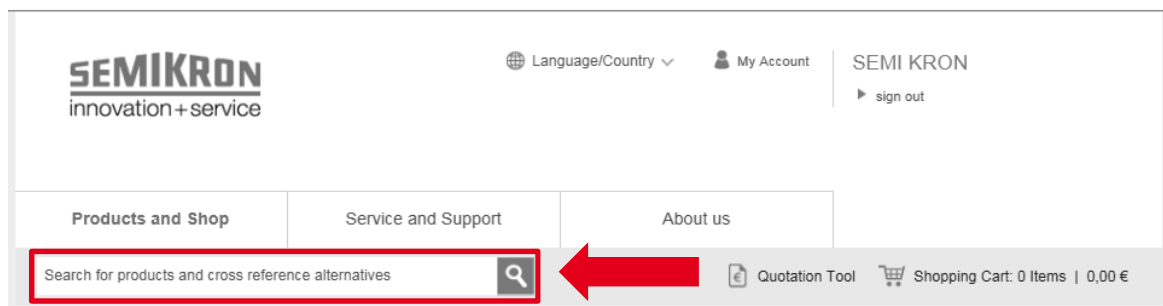

Quick & easy

1. Please log into your account on our Online Shop.
If you have forgotten your password, please click on "Forgotten Password".
If you are not yet registered, please click on "Register".

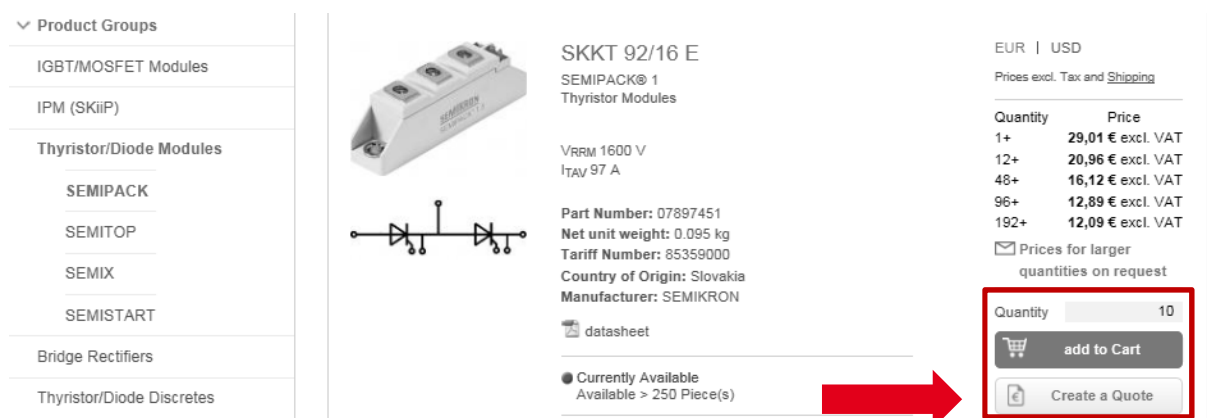

You can select the language and currency at any time.

2. Enter the product description or part number of the item you are looking for in the search field and then click on "Search".

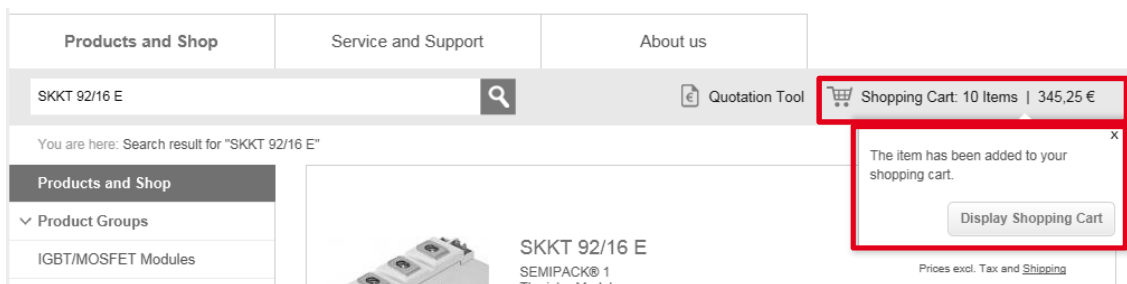

3. Enter the desired quantity and click "add to Cart". You can also use our search function to add more items into your shopping cart at any time.

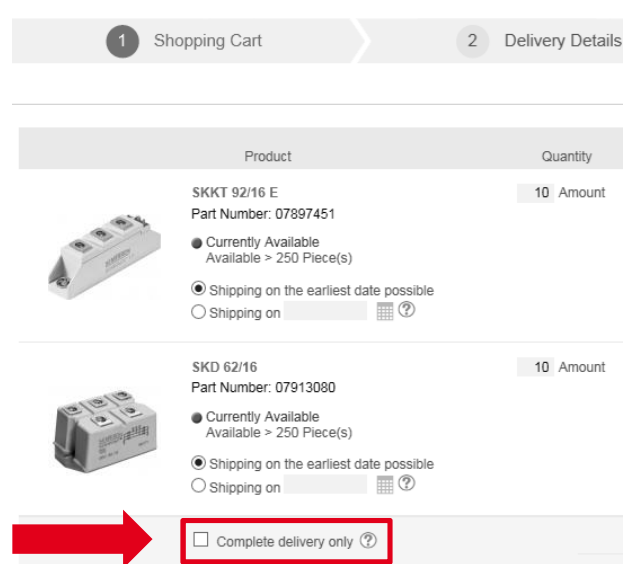

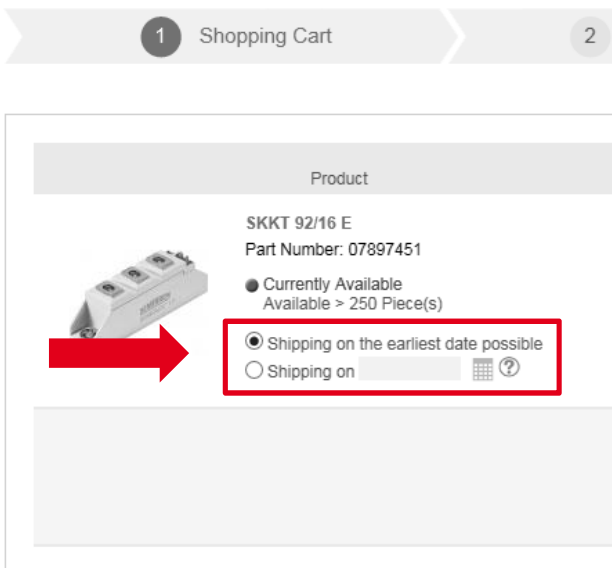

> How to place an order online Quick & easy

4. When you have added all the items you need then click on "Display Shopping Cart" / "Shopping Cart" to review your order.

5. Double-check your preferred shipping date. With two or more items you can select to only receive complete deliveries.

How to place an order online
